Dear Mr. Richard:

I want to thank you and Water Planet USA for providing a positive and exciting experience for a Taylor University intern. From the written assignments and our conversations, Jill felt that you provided a very beneficial and educational experience for her. It is a blessing to have individuals in organizations who are willing to work with Taylor University in helping our interns accomplish their goals, obtain an education, and to grow personally, professionally, and spiritually. Your work, cooperation, and support are greatly appreciated!

Thanks again for having Jill as an intern during the summer session and for assisting us in our program. Enclosed is a small gift as a token of our appreciation!

Sincerely,

A handwritten signature in cursive script that reads 'Angie Fincannon'.
